

RECIPROCAL FLIGHT ATTENDANT JUMPSEAT TRAVEL AGREEMENT

Omni Air International and JetBlue Airways agree to a reciprocal interchange of cabin jumpseats for qualified and current flight attendants of the two companies subject to the following restrictions:

Jumpseat travel is a "discretionary courtesy," subject to all applicable FARs, Company Regulations, and permission from the Captain.

Travel is on the "space available" basis. It is further understood that jumpseat travel will only be used by crewmembers commuting to and from the assigned domicile or while on other personal travel. Under no circumstances will the jumpseat be used in lieu of a revenue ticket for the purpose of conducting company business.

Each person using this privilege must observe strict professional conduct and decorum, and wear appropriated dress for interline travel or full uniform.

Luggage should not be checked at the ticket counters, as the applicant is not assured of a jumpseat until approved by the Captain. In the event that all carry on space is insufficient to accommodate luggage, it may be checked at the gate.

This agreement may be suspended or cancelled at any time, by either company with 30 days written notice.

JetBlue Airways Jumpseat Instructions

1. Call 1-800-JETBLUE prior to your flight, and advise the agent that you are an OA Jumpseater, or OR. If you are unable to call prior to your flight, please check in at the gate or ticket counter as soon as you can. In LAS, you MUST call prior to arrival at the airport.
2. Advise the agent the city pairs you wish to travel and on what date, and a flight listing will be completed. Be prepared to give your name, address, city, state, zip code, and local telephone number. Your airline and employee number are also required. Once you have traveled on JetBlue, your personal information will be saved for future reference.
3. On your departure day, arrive at the airport no later than 1 hour prior to departure. You can check in at JFK using our Express Check-In or the JetBlue ticket counter at any of our other "Blue Cities." You may also present yourself at the gate.
4. Be prepared to show Airline ID to the agent. If you previously listed with Reservations, please advise the agent. If not, please be prepared to make a listing with the agent. Also, if traveling to SJU, please be sure to have proper documentation, such as Visa, Passport, or Alien Registration Card available.
5. The agent will check you in, and we ask that you step to the side and wait for your name to be called. You will have last priority for seats on the aircraft. JetBlue employees, family, and friends will be accommodated prior to any OA jumpseat rider.
6. If an open passenger seat is available, the agent prior to departure will assign it. If no passenger seat exists, the physical jumpseat will be assigned. There are 2 extra jumpseats on JetBlue A320 aircraft, however, keep in mind these will go to extra working crewmembers, JetBlue employees, deadheading employees, and crew on OR (Operating Experience) flights.
7. Upon boarding the aircraft, please introduce yourself to the Flight Deck Crew, along with the #1 Crewmember.
8. You may jumpseat either in uniform or in business casual attire. Please be advised, we ask that you wear your company ID throughout the flight. Please be flexible in your seating arrangement, so we can accommodate our customers in the seats they desire, and please be willing to move if there is need.
9. If you are seated in the physical jumpseat, a Crewmember will brief you on the use of the harness and seat itself, door operation, and your duties as an Able Bodied Person (ABP), if required.
10. Please, sit back, relax, and enjoy the JetBlue experience. We enjoy having you on board, and again, please let us know if there is anything you can do for you.
11. If you have any problems with any of our JetBlue Crew, please email Brad Sapit at Bradley.Sapit@jetblue.com, and please make sure to have names, cities, flights, and a description of the event, so we may take care of any problems.
